

APPENDIX D

DEPARTMENT OF DEFENSE (DOD) CONTAINER SYSTEM PROGRAMS

A. PROGRAM DESCRIPTION

1. Designated DOD Components will prepare program plans for containerization actions assigned to them for development, integration, and management. As a minimum, the program plan will contain program direction, guidance, responsibilities, objectives, tasks, priorities, and target dates for program completion. Other DOD Components will provide assistance and data input when a particular subsystem task falls under their mission responsibility. Test reports and independent evaluations pertaining to the DOD intermodal equipment system will be forwarded to the Assistant Deputy Under Secretary of Defense, Transportation Policy (ADUSD [TP]) and the Commander, United States Transportation Command (USTRANSCOM) for review.
2. Each Service is responsible for funding assigned programs. ADUSD (TP) will assist the Services in establishing funding priorities for accomplishing assigned program tasks and will monitor program line items in the DOD budget.
3. Program plans prepared in accordance with this regulation will be updated annually by the responsible DOD Component as of December 31 and forwarded to ADUSD (TP) and USTRANSCOM within 90 days following the cutoff date.
4. DOD Components assigned specific programs for management will provide briefings annually to ADUSD (TP) and the Defense Transportation Policy Council. The Chairman may request periodic updates.
5. USTRANSCOM as single manager for the DOD intermodal equipment system will, after coordination with affected DOD Components, make recommendations to ADUSD (TP) to start, develop, improve, or end intermodal programs.
